

RUBBERSELECT.

Polyurethane Elastomer (PU90)

Product code – PU90

Properties	
Quality	PU
Colour	Ochreous
Temperature range	-40 °C to +75 °C
Specific gravity	1,13 g/cm ³
Hardness	90 Sh A ± 5
Tensile strength	29 MPa
Elongation at break	450 %
Tear strength	78 kN/m

Chemical Resistance	
Aromatic oils	good
Ozone	moderate
Deluted/concentrated acids	not recommended
Solvents	good
Fuel	good

*The sheets are produced free of silicone.
